Importance: High

Hi guys

We did not put out a press release. We did share technical assistance emails with the federal, state, and local agencies involved in this ER; our most recent one was on 10/31/17. It looks like the local health department posted this information on their website at:

<http://www.movhd.com/wp-content/uploads/2017/11/Public-Health-Update-on-Ames-Fire.pdf>

Please let us know what further info you need to address this media request.

Lora

Lora Siegmann Werner, MPH
Regional Director, Region 3
Division of Community Health Investigations
Agency for Toxic Substances & Disease Registry (ATSDR)/Centers for Disease Control & Prevention

Hi Jeff,

I'm not aware of an agency issued press release today about a fire in in Parkersburg, WV; at least from DCHI.

I'm including our Regional Director (Region 3), in this email chain for her awareness.

Lora -- do you know if another federal, state, or local agencies has issued such a release.

Thanks,

Loretta Asbury

Hi Loretta,

We got a call from a Parkersburg TV station regarding a release we supposedly sent out regarding a fire in Parkersburg, WV. I think it's actually an EPA release, but nothing is showing up. Do you know anything about this? See the Huffpo link below for more info

I can't find anything. Can you please send to Loretta to see if she knows anything about it?

I did a general Parkerburg fire search and found this item. It looks to be an EPA issue, however. I'm not sure why we got called on this.

Me either. I looked for EPA and don't think they did one either.

Subject: media inquiry coming from Parkersburg WV

A reporter from a TV station in Parkersburg, WV just called to try and get an interview with someone regarding the news release we just sent out on the Parkersburg fire. He would like to get someone by 5:00 today. I asked him to send us an e-mail request

CRISTINA: the Windows 10 conversion has wiped out my access to the Env Health mailbox, so please watch for this item.
